

Video Outline Template

Here is an example of a video outline, and an Outline Worksheet for you to use as a template. Feel free to add any additional information that you feel will be useful in the live editing of the video.

Outline Example:

Title slide: Unusual & Adorable Interspecies Animal Friends 101

Name of Host: Rai Hsu

1) Medium shot – talking – (*indicate type of video source i.e. camera angle, Power Point slide, tablet, etc*)

Cue: “Let’s take a look at these ridiculously cute photos” – *this verbal cue, stated in “”, indicates to the Tricaster Operator that it is time to switch to the next video source*

2) PiP Slide – kitten cuddling guinea pig – (*indicates content of this specific shot*)

Cue: “When we begin to look beyond these perceived limitations..” – (*indicates cue to start playback of video in next shot*)

3) Video – raven and cat playing

Cue: end of video – (*indicates transition to next shot*)

4) Wide shot – Conclusion – “See you in our next video” – Fade to Black – (*indicates end of video, and how you would like to conclude it*)
